

ETF EU Cockpit

Premium visual refinement candidate - review-only

NOT DELIVERED

No receipt / no production manifest

REVIEW-ONLY

NOT DELIVERED

NO RECEIPT

AUTHORITY BLOCKED

Executive read

This cockpit page is a visual review candidate for the EU/UCITS ETF surface.
It improves the first-page hierarchy and client-facing scanability while keeping
all delivery, funding, valuation and portfolio authority blocked.

Build proof

PDF path works
Deterministic builder
Review-only candidate

Client surface

Cleaner status badges
Less validator-like
Better visual grouping

Still blocked

No delivery
No receipt
No manifest

Evidence and authority separation

Review evidence: this PDF candidate and checkpoint artifacts only.

Pricing evidence: unchanged; no live market data refresh in this package.

Valuation-grade evidence: not created; valuation_grade=false.

UCITS/proxy separation is preserved; U.S. symbols remain non-authoritative proxies.

No-delivery boundary

production_delivery=false | client_distribution_claimed=false | outbound_path_enabled=false

receipt_artifact_created=false | production_manifest_created=false

delivery_authorization_decision=remain_blocked | delivery_preflight_allowed=false

portfolio_mutation=false | funding_authority=false | valuation_grade=false

Next: ETF-EU-WP15P visual review checkpoint before any delivery-preflight discussion.
